

2018 Neighborhood Revitalization Home Repair Sponsorship Opportunities

Habitat
for Humanity®
of Greater Sacramento

Who We Are

Habitat for Humanity is currently the only local homebuilder providing affordable homeownership opportunities to the low and very low-income families of our area, as well as preservation opportunities to our community's vulnerable elderly and Veteran populations. We are dedicated to empowerment, not entitlement and bringing people together to build and repair hope, homes and community.

Since 1985, Habitat has built 141 homes in the Greater Sacramento and Yolo area - helping provide safe and decent housing to nearly 500 local children whose lives and futures have been forever changed through the Habitat program.

As a locally and non-governmentally supported nonprofit, the work we do is only made possible through support from our local community.

What Makes Us Unique

As a local organization we understand the needs of our community. Because we work in two counties (Sacramento and Yolo), our efforts are always dedicated to the Greater Sacramento region.

Our core principle as a non-profit organization is to give qualified partner families a hand-up, not a handout. An important part of our mission is to build communities, therefore we actively address critical community challenges. Addressing all of these opportunities is a growing process.

About Our Home Repairs Program

Habitat for Humanity of Greater Sacramento is committed to serving our community's vulnerable elderly homeowners by making critical home repairs to alleviate health, accessibility, and safety issues.

Many fixed-income elderly homeowners in our community are currently living in inadequate, unsafe, and unacceptable conditions with limited to no financial, physical ability, or hope to change their situation.

Our new home repair program is devoted to bringing people together to change that.

This year, we hope to complete 10 Repair projects in our community and are currently looking for support for upcoming projects.

Before and After shots of Della Reed's home

"This may sound extreme, but I really do believe that Habitat for Humanity saved my life. I was desperate and feeling very hopeless. But there was hope. Habitat showed me that there really are people in this world that care."

- Della Reed
