

Join Habitat for Humanity of Greater Sacramento for a special day of service honoring those who have served our country. Our veterans protected our homes — now it's our turn to protect theirs.

This one-day event will bring together veterans, active-duty service members, and community volunteers to work side by side on home repair projects that help maintain and preserve homes, making them safer, more energy-efficient, and more affordable for qualified veteran homeowners in Sacramento and Yolo counties.

Key Features of Habitat's Veterans Service Day

- **Veteran-Led Team Leadership:** Each project is managed by Habitat's veteran staff, who bring construction expertise and a deep understanding of the unique needs of fellow veterans.
- **Home Repairs for Veterans:** Repairs range from accessibility modifications to fence repairs, dry rot removal, and painting—all focused on safety, stability, and affordability for veteran homeowners.
- **Strengthening the Veteran Community:** Veterans will engage in the project both as volunteers and beneficiaries, creating a supportive environment that celebrates and empowers those who have served.
